Make each day special with these little treats

Made with jumbo oats, nuts and seeds, toasted and sweetened with honey, Lovedean's award-winning granola is delicious at any time of day. It's now available without nuts: Lovedean Granola Nut Free, £5.99/450g. It's great in this Scottish favourite, cranachan.

TRY THIS....

Briefly warm raspberries, a little whisky or water and honey until juicy. Cool, then layer with natural yogurt in small glasses and top with granola.
